(next to the Eaton Centre)

***a hot meal will be provided.**

The Recession Relief Fund Coalition invites you to a public forum about the growing needs for housing and homelessness programs, income supports, employment supports, settlement services and other supports in the midst of a growing recession.

- Come and share your story.
- Come and hear the stories of others.
- Come and sign the Recession Relief Fund Declaration.

The Recession Relief Fund Declaration demands that the Federal budget include both Recession Relief funding for social services and an investment in affordable housing. More than 150 organizations across Canada and hundreds of individuals have signed the Declaration to date, and the number is growing every day.
